Your memo - 9/23/57

DR. SENDROY, NAMRI

The appointments with Dr. Sendroy on Tuesday afternoon and Dr. Hays on Wednesday morning at 8:30 are fine with me.

Since I don't get into Washington until about 1:00 it might be difficult to see them both on Tuesday afternoon. We don't actually need a lot of time with Dr. Hays so I am sure you can leave to keep your appointment at Belvoir. I did want him to meet you though to establish a personal contact with the Washington office.

I have a reservation at the Statler Hotel so I should be able to call you from there soon after 1:00 on Tuesday afternoon.

I look forward to seeing you.
