Re: Pennsylvania Hearing on January 19, 1967

Attached for your information is a copy of statements submitted for the record, and now part of that record, by Drs. Hardy, Boucot and Goldsmith. As you may see all attack the thesis presented by Dr. Kehoe (a copy of Dr. Kehoe's statement has been sent to you).

We do not know what effect these statements will have on the Pennsylvania Air Pollution Commission. This Commission has scheduled a meeting for April 10, 1967.

We are following this situation closely and will keep you informed. In the meantime, we will welcome your ideas and suggestions.

Very truly yours,

Don G. Fowler
