GRAVELBOURG, SASK. January 31, 1930.

Dr. Robert A. Kehoe,
University of Cincinnati,
Cincinnati, Ohio.

Dear Sir:-

I found yours of the 15th inst, on my desk on my return. Jos. Pierson has apparently been well since his return, not complaining of any ills of any kind.

I never say anything to him about it, as I want him to forget it; but from observation, he is doing nicely.

On his return here, he gave me to understand that you had taken up the matter of having him reimbursed for the expenses he had previous to you looking after him. I would thank you to let me know what success you are having in this regard if any.

We are having an old fashioned winter here, quite cold and lots of snow and quiet times in all lines of business.

Thanking you for your attention to this case,
I am;

Yours truly,

J.A. Forcier,
