OWENS-CORNING FIBERGLAS
ASSOCIATE VICE PRESIDENT

Dear Professor Mossman:

I want to express my appreciation for your visit to the OCF Technical Center. Indeed, our discussion was very productive for me. Also, I appreciate the reprints. I have asked Dr. Konzen to arrange for prompt payment for your consultation visit.

With the appointment of Dr. Joel Bender as Vice President, Health, Safety, and Environmental Affairs, we were going to try to start meetings of the advisory boards about which we spoke briefly, some time in the first quarter of next year. Either Dr. Bender or Dr. Konzen will be in touch with you with respect to developing the agenda and discussion documents for this board.

I look forward to visiting with you during the first quarter. Best wishes for a happy holiday season.

Sincerely,

R. C. Doban
