TO : Dr. W. H. Hunt

Two samples of Aroclor 5460 have been shipped to you under separate cover. The samples were taken from separate lots of 5460 produced from Santowax R containing relatively high and relatively low amounts of biphenyl. The analyses of the biphenyl content in the samples were:

<u>Aroclor Lot No.</u>	<u>% Biphenyl in Santowax R</u>
AK-189	0.87
AK-261	0.17

Also included in the shipment is a sample of Aroclor 1260. Lot AK 3

Gerry Miller by telephone 10/8/68 gave me the Aroclor 1260 lot number
