Gentlemen:

We require information relative to your product "Ready Mix Joint Compound".

For reference purposes, I would appreciate it if you would send us the composition (including percentages) of the above material.

Any such information will be kept confidential and will be used solely in our health and safety work.

Your immediate attention to this matter will be greatly appreciated.

Very truly yours,

Albert J. Rosso, M.D.
Industrial Hygiene Physician II

Dear Doctor Rosso:

This letter acknowledges receipt of your memo dated November 8, 1974 whereby you request information relative to our product "Ready Mix Joint Compound."

Because of the highly confidential nature of this information, you will have to bear with me until such time as I am able to secure the necessary release to provide the data requested.

I will contact you again at that time.

Yours very truly,

James R. Hurd
Personnel Manager
Gypsum Division

INTERDEPARTMENTAL COMMUNICATION

DATE: December 2, 1974

TO: Mr. J. R. Hurd

LOCATION: Portland

FROM: J. D. Rauch

LOCATION: Akron

SUBJECT: Joint System Asbestos Tests for OSHA

cc: Mr. H. W. Peale - Wilmington

The Akron Joint System Plant will be due for air sampling tests for air born asbestos levels on January 15, 1975.

This is only 45 days away, so will you please schedule this testing with Mr. George Greene at the Tigard Laboratory.

J. D. R.
