Ethanol Emergency Response & Steel Drum 101 Webinars

Please join the Renewable Fuels Association and TRANSCAER® for Ethanol Emergency Response & Steel Drum 101 Webinars.

Attendees will receive in-depth information on proper training techniques that emergency responders and hazmat personnel need to effectively respond to an ethanol-related emergency. Along with providing emergency responders with helpful information to better comprehend the components of steel drums and vital safety standards.

Certificates of Completion will be awarded to all attendees at the end of the Webinar.

This is a one day training. These sessions are **FREE** to attend and open to the public.
