Subject: Surface Transportation Reauthorization Event

Good morning Dan! The Secretary will be hosting an event on Surface Transportation Reauthorization on Thursday, July 17 at 11:00 a.m. Still a little light on details but thinking it will have similar format to the ATC modernization event we held in May. There will be an opportunity for the Ranking Member to speak and I'm sure some press opportunity as well.

Will keep you posted as things develop and I have more information but wanted to get the date on your radar.

Thanks!
Hannah
