Subject: Re: PFAS event on highly regulated sectors- invite DG GROW

Dear [REDACTED]

On behalf of FIPRA International, allow me to thank you for taking the time to join this discussion on the topic of PFAS. I fully understand the limitations of your engagement, but still very much appreciate the opportunity to have you join.

We look forward to welcoming you at the Holland House (Rue d'Arlon 20, 1050 Brussels- [Google Maps](#)) on December 6, 2022 (9 -11:00 CET).

We will be opening registration 30min ahead of the start of the event (8:30h). Coffee service & pastries will be available.

If you wish to have any other representative join, please feel free to reach out to us directly.

With kind regards,

[REDACTED]

Subject: RE: PFAS event on highly regulated sectors- invite DG GROW

Dear [REDACTED]

I will participate from DG GROW in this event on the use of PFAS in highly regulated sector on 6th December. Yesterday, I have registered using the weblink.

As previously mentioned to [REDACTED] the broad PFAS restriction dossier is still under development. Five national authorities from Germany, Denmark, the Netherlands, Norway and Sweden are preparing a dossier for the restriction on the manufacture, placing on the market and use of PFAS. The Commission is not involved in the

preparation of the restriction dossier and will be an observer during the opinion making of ECHA's Committees (RAC and SEAC). We cannot engage in any discussions on the content of the upcoming restriction.

Looking forward meeting you next week.

Kind regards,

European Commission

DG for Internal Market, Industry, Entrepreneurship and SMEs

Subject: Re: PFAS event on highly regulated sectors- invite DG GROW

Dear [redacted],

Allow me to begin by thanking you for taking the time to respond to the previous email. I apologize for offering too narrow a timeline for your convenience, we would consider a true priority to have an exchange with your unit.

If you had any availability in the coming weeks to schedule a short meeting, we would hope to present this topic to you, and also get your views and feedback.

In addition, I think it may be worth mentioning that the discussion between industry and NGOs **"PFAS: The challenge for highly regulated and essential sectors"** was confirmed, to take place this December

6, from 8h30 - 11h00, at Holland House Brussels (Rue d'Arlon 20, 1050 Brussels -[map](#)) (in person/virtual format).

If there were any way we could count on your participation, [REDACTED] I am sure your questions and reflections on the matter would be a great contribution to the debate.

Speakers:

- **EFPIA:** [REDACTED]
- **COCIR:** [REDACTED]
- **EU Semiconductors (ESIA):** [REDACTED]
- **ChemSec:** [REDACTED]

I attach the concept note with details, and [here](#) is the link to registration.

Look forward to your response.

Kind rgds,

[REDACTED]

Dear [REDACTED]

I am afraid we are neither available for a meeting the week of November 20 nor for the event on 6 December. If Fipra International has a position paper on PFAS, don't hesitate to forward it to our mailbox GROW-F1@ec.europa.eu

Best regards,

[REDACTED]

Subject: PFAS event on highly regulated sectors- invite DG GROW

Ecosystems I: Chemicals, Food, Retail > REACH (GROW.F.1)

Dear [REDACTED] and DG GROW F1 Unit,

Good morning, I am contacting your unit on behalf of Fipra International, a public affairs company supporting projects pertaining to the EU Green Deal. We last had the opportunity to exchange emails a month back, where I introduced the matter of the PFAS restriction proposal we are currently working on alongside MSD Animal Health Europe, and its expected vast impact across the industry, specifically for human and animal medicinal products.

The purpose of this email is to, as suggested, renew the invitation to have an exchange with GROW to discuss this matter in greater detail and get the expert views of GROW, particularly as this is a topic with clear environmental and social complexity, as well as great expected impact across EU in terms of availability of specific critical products. If DG GROW were available to have any such exchange, I would like to extend an invitation for a brief meeting in the week of November 20, provided that is possible.

Additionally, on **December 6, 2022** we will be organizing the following closed-door event “**PFAS: The challenge for highly regulated and essential sectors**” (Chatham Rules apply- concept note attached) with expected speakers on behalf of:

- Animal Health Europe
- EFPIA
- COCIR
- Digital Europe

The panel discussion will be moderated by [REDACTED]

We would most appreciate the participation of DG GROW at this event as its views, insight and questions would be essential in event of this focus, and particularly looking to the soon PFAS restriction proposal in January 2023.

Look forward to your reply.

Kind regards,

[REDACTED]
