Re: Peterson v. Union Carbide Corporation

Dear Bob:

This letter is the official notification that the above-referenced case has once again been reassigned. John Downey has recently joined our ranks as inside counsel and will be handling all the PVC/VC cases for Union Carbide (soon to be Union Carbide Chemicals and Plastics Company, Inc.). I have asked John to make sure that our files on PVC are as complete as possible and that we begin the process of establishing what needs to be done in the future to assure ourselves we have the necessary testimony and document retrieval capability to defend these kinds of cases in the future. Your suggestions on memorializing Nick Wheeler, etc. will be most welcome to us.

As a result of our last communication, I have not done anything further on the discovery requests pending until you are able to identify what has not been responded to in previous allied cases.

By copy of this letter I am forwarding the discovery papers to John and ask that he call you directly.

If I can be of any further assistance, feel free to call.

Sincerely yours,

Betty-Lynn White
