Re: Information Request, Reference Number: CAA-02-2023-1423

Dear Ms. González:

The Clean Air Act, 42 U.S.C. §§ 7401 *et seq.* (“CAA” or the “Act”), at Section 114, 42 U.S.C. § 7414, authorizes the U.S. Environmental Protection Agency (“EPA”) to require submittal of information to, among other things, assess compliance with the Act and regulations promulgated pursuant to the Act. This Information Request requires Borinquen Container, Corp. (“Borinquen Container”) to submit information related to compliance with applicable CAA requirements at the facility owned and operated by Borinquen Container located in Hatillo, Puerto Rico.

Pursuant to Section 114 of the Act, this Information Request requires Borinquen Container to submit all of the information described in Enclosure 1. Failure to submit the requested information is a violation of Section 114 of the Act, and may result in an order to comply, an order for administrative penalties, or a civil action for penalties and an injunction requiring compliance pursuant to EPA’s enforcement authority provided in Section 113(a) of the Act. *See* Enclosure 2. In accordance with Section 113(c)(2)(A) of the Act, any person who knowingly makes any false statement, representation, or certification, or who omits material information from or knowingly alters, conceals, or fails to file a response to this Information Request, may be subject to a criminal action.

You may choose to assert a business confidentiality claim covering all or part of the information submitted. You may not, however, withhold any information on that basis. For EPA to consider a claim of business confidentiality for one or more of the documents submitted by you, a cover sheet, stamped or typed legend, or other suitable form of notice must be placed on or enclosed with the document, with language such as “trade secret,” “proprietary,” or “company confidential.” Allegedly confidential portions of otherwise non-confidential documents should be clearly identified. To facilitate identification and handling by EPA, please submit your response so that all non-confidential information, including any redacted versions of documents, are in one envelope and all materials that you assert are entitled to confidential treatment are in a separate envelope. Note that “emission data,” as defined in 40 C.F.R. § 2.301(a)(2), cannot be claimed as confidential under Section 114(c) of the Act. *See* 42 U.S.C. § 7414(c). If no confidentiality claim accompanies the information received by EPA, the information submitted as part of your response may be made available to the public without further

notice to you. EPA will disclose information covered by a confidentiality claim only to the extent allowed by, and in accordance with, the procedures set forth in EPA's public information regulations at 40 C.F.R. §§ 2.201, *et seq.* (See 41 Fed. Reg. 36902 (Sept. 1, 1976)), and with applicable case law.

In order to comply fully with this Information Request, your response must include a completed Certification of Response (*see Attachment to Enclosure 1*), notarized by a notary public, and signed by you or another officer of your company. Your responses to the questions in Enclosure 1, including all supporting documents and the Certification of Response, must be scanned, and submitted by email to Ms. Nancy Rodríguez of the EPA, in accordance with the schedule set forth in Enclosure 1, at her email address below:

rodriguez.nancy@epa.gov

with copies sent to:

You may request an extension of any timeline to respond by email to Ms. Rodríguez at her email address above. Please include the reason(s) for the delay in responding and a proposed response date. In order to allow sufficient time for review, any such request for an extension of time must be made at least ten calendar days prior to the date on which the requested information is due to EPA. An extension of time will be effective only if granted by EPA in writing.

Please include the above-cited Reference No. CAA-02-2023-1423 in any and all of your response(s) to this Information Request. Further, if within one year of the date of this Information Request, you obtain information different from, or in addition to, the information provided, or if there is any change affecting the information submitted, you must notify EPA and submit the relevant information no later than twenty calendar days after such information becomes available.
