Date: Mon, 05 Nov 2018 16:53:39 +0000

Importance: Normal

Dear David:

Thank you so much for sending Gary Lawkowski to SCI's CLE course to speak about recent developments from the Department of the Interior. I had not met Gary before Friday and was so impressed by his knowledge and his presentation. I hope to have many more opportunities to work with him and have already invited him to give the same talk at the CLE course that we will hold in January in Reno, Nevada. I will be sending him a formal invitation shortly.

Thanks again.

Anna

"Nothing in the world can take the place of persistence. Talent will not; nothing is more common than unsuccessful men with talent. Genius will not; unrewarded genius is almost a proverb. Education will not; the world is full of educated derelicts. Persistence and determination alone are omnipotent. The slogan 'Press On' has solved and always will solve the problems of the human race."
