SUBJECT REPORT NO. 1 - JOB. NO. 370:875
DECREASE BIPHENYL CONTENT OF SW/C

REFERENCE

TO ~~J. C. Landrum~~ ANNISTON

Good report.

I think we should follow through on the "Future Work" to lock in our capability and to make sure we can avoid the possible conversion of terphenyls to quaterphenyls.

Please let me know what your intentions are.

W. A. Kuhn

~~Hal~~ ~~Hal~~ 3/6
please give me your comments
just return.
Joe

Waiting on lab to fix GC
so tests can be run
