

Bridgehampton,
Long Island, N.Y.
3 Nov. 1942.

Dr. Robt A. Kehoe
Univ. of Cincinnati,

Dear Sir.

Can you furnish me
a reprint of your recent paper
on the toxicity of metals at the
Yale School of Medicine.

If not I'd like some idea
of the physiological limit of
tolerance for copper in potable
water.

Very truly yours,

Ernest S. Colver
