BICYCLE ENAMEL.

A high priced bicycle can be ruined, so far as appearance is concerned, by a few cents worth of inferior enamel.

The Sherwin-Williams Air Drying Bicycle Enamel is made for reproducing the original surface, and does it as it should be done.

A small brush, a little enamel, and a little time are all that is needed to make a bicycle look as good as new.

Easy to put on, hard to knock off.

Put up in quarter pints.

Every package is FULL Measur
