Dear [REDACTED]

Thank you for your email. We have noticed that Volkswagen AG contributed to the consultation organized by the European Chemicals Agency with respect to the restriction dossier as submitted by Germany, the Netherlands, Denmark, Sweden, and Norway. We highly appreciate your active participation. ECHA will carefully assess all information received during this consultation. ECHA will communicate when and how they will organize the discussion on the different uses (including the use in the transport sector) in the Committee meetings.

Once the opinion of ECHA's scientific committees is available, a meeting with Volkswagen AG, could be useful to address potential remaining concerns.

Kind regards,

**European Commission**

Dear GROW.F.1 Team,

In the context of ECHA's work on a PFAS restriction, I would like to ask if you would be available for an online meeting with the Volkswagen Group. We would like to present our position on the restriction to your team and discuss with you the interplay with the mobility green transition. We will adapt to your availability.

I look forward to hearing from you.

Best wishes,
