BRADFORD, PA.

September 28, 1939

Dr. Robert A. Kehoe, M.D.
College of Medicine
University of Cincinnati
Cincinnati, Ohio

Dear Sir:

We are attaching the referee's report, Pennsylvania Workman's Compensation Board, on the case of our [REDACTED] who had made claim under the Occupational Disease clause of Pennsylvania Workman's Compensation Law for compensation for an illness supposedly brought about due to his exposure to leaded gasoline vapors which illness had been diagnosed as lead poisoning.

We appreciate the help provided by your office in presenting our case before the referee as well as laboratory aid and related information provided to Dr. McCutcheon of this city.

We are returning under separate cover at this time, the 3 reprints from the Journal of Industrial Hygiene and Toxicology which were provided by your office when this case was opened.

Very truly yours

KENDALL REFINING COMPANY
