Dear Sir,

GOVERNMENT MATTERS: Mr. Kelly, Minister for Mines, and Mr. Telfer, Under Secretary for Mines, leave shortly for America, where they intend making a fairly comprehensive examination of the mining and oil industries during the next few months. They have offered to help us in any way we may suggest, and they would be pleased to meet the Johns Manville people in New York.

I may be in New York at the same time as Mess Kelly and Telfer, but in any case I have told them that we would give them a letter of introduction to Mr. Fisher and possibly others in the organisation.

If you can suggest any way in which they can help us in America, please advise at the earliest.

Would you also advise the address of the C.S.R. Co's Agent in New York.

Yours faithfully,

Director.
