Dear Sir:

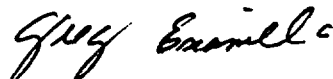

The Office Safety Committee at Monsanto Company has received some information on your health program entitled "Eye Safety and Health: An Off-the-Job Program." I am very interested in obtaining some expanded information regarding this program.

I would also like to obtain a catalog of publications and films for future safety programs.

As a member of the OSC, I am thankful for any assistance so that I may introduce newer safety programs into our schedule.

I remain

Respectfully yours,

Greg Escamilla
