Subject: Benzene Health Consortium Communications Mtg

A Communications Committee meeting is scheduled for Wednesday, October 24, 2001, at API offices in Washington, D.C. The meeting's purpose is to interview two PR firms and then determine whether the committee should retain one of the firms for the role of supporting the consortium in government relations and other communication activities. If you are an Oversight Committee member planning to attend and would like to review the meeting materials please consult with your company's communications cmte representative. (Or, notify Dawn Hebron and the information will be forwarded to you prior to the meeting.) Additional meeting details to be emailed at a later date.
