

## The Trade Association Liaison Council (TALC)

Mission Statement: The Trade Association Liaison Council (TALC) was created in 1981 as the bi-partisan coalition arm of President Reagan. For over 30 years, TALC members have worked with Members of Congress and Administration officials to promote U.S. job growth, cost-effective and reasonable federal regulations, fair and free international trade policy, a broad based federal tax policy and a strong American economy. Members are CEOs, Presidents and leaders of trade associations and companies.
