This is what PPG may
will mail to employees*

The following documents include a letter of transmittal and a statement of PPG Industries' policy on the events recently published concerning the VCM-PVC industry and possible occupational hazards. This policy represents the best information available to PPG at the present time and is to be shared with PPG employees and customers. Any inquiries from the press should be referred to one of the following people in Pittsburgh so that the most current information available can be transmitted:

Dr. Zeb G. Bell, Jr., Sc.D. - Director, Environmental Control
L. F. Sargent - Technical Manager, Organic Chemicals
J. A. Clapperton - Manager of Manufacturing

This announcement is only the first part of an on-going comprehensive program to alert PPG employees and customers to the new hazards associated with VCM-PVC.
