Ferndale
Detroit, Michigan

Dear Sam:

After talking with you on the telephone I discovered that Bill Kennedy was in Paterson. He was very agreeable to Drs. Kehoe and Sanders going to the Cincinnati plant.

I appreciated your discussion and remarks on pre-ignition and will be looking forward to anything further on this subject which you may discover, as well as the information on the Surfacing and Lubricating of cylinder barrels.

Very truly yours,

WRIGHT AERONAUTICAL CORPORATION

/s/ Arthur Nutt,
Vice-President of Engineering
