Subject: Re: Invitation to Speak at NCAC / American Chemical Society Chemical Society of Washington October 13th Symposium

Meg

As listed on your program, I have been nominated by President Trump as the assistant administrator of EPA's Office of Chemical Safety and Pollution Prevention. As you know, this is the same office that manages the new TSCA legislation. It is an exciting and humbling opportunity, but one that requires senate confirmation. My committee hearing is slated for some time in late September, with a full senate vote sometime later (presuming that I get voted out of the EPW committee).

So... while I would like to speak at your event, the timing is somewhat problematic. If Nancy Beck agrees to speak, then she can more easily cover any aspect of this new legislation as the principal deputy assistant administrator in this office. Or if you are looking for a university voice, then perhaps ask Jacqueline Patterson of our Risk Science Center. Jacqueline is quite adept at managing independent peer reviews, and has suggested such reviews as one approach to fulfilling this new legislation.

Cheers!

Michael...

Subject: Invitation to Speak at NCAC / American Chemical Society Chemical Society of Washington October 13th Symposium

Dear Mike,

Hello to you, and I hope you've been well, and I look forward to seeing you at the autumn NSF HAB meeting. The SOT National Capital Area Chapter (NCAC) and the American Chemical Society's Chemical Society of Washington Chapter are jointly hosting a symposium on October 13th at ACS Headquarters in Washington, D.C. The topic will be TSCA, and we would be grateful if you would speak at the symposium. I would very much like to balance out the points of view at the symposium, and I have always valued your insight.

We have attached a draft symposium agenda with proposed topics for invited speakers. Would you please inform us as to your availability to participate, and I'll coordinate the logistics. Thank you very much for your time and consideration.

Sincerely,

Meg Whittaker (NCAC Vice-President)

Jen Tanir (CSW Secretary)

Margaret H. Whittaker, Ph.D., M.P.H., CBiol., F.R.S.B., E.R.T., D.A.B.T.
