Hi Alby,

We haven't gotten that far yet. I imagine that the Secretary will be interested in meeting with industry groups.

Thank for the offer of help.

Jim

At some point within the first few months will the Secretary meet with industry leaders?

USOGA would be happy to facilitate such a meeting to include API and IPAA, etc.

Let me know if we can help.

If you have one already planned, USOGA would be pleased to participate.

The Secretary and I first met about DOI issues immediately following the election.
