Dear Mr. Keil:

The West Virginia Department of Health is presently conducting a survey of the disposal of hazardous wastes and has requested the assistance of this agency to obtain and furnish certain information regarding the quantities of waste materials burned in fuel burning units, incinerators, and/or flares in your plant. The compounds or elements of concern are as follows:

I. ORGANIC WASTES:

- 1) waste oils
- 2) phenols
- 3) chlorinated hydrocarbons
- 4) alcohols

II. METALS:

- 1) chromium
- 2) lead
- 3) beryllium
- 4) zinc
- 5) cadmium
- 6) arsenic
- 7) antimony
- 8) potassium
- 9) sodium

As we are also interested in this information, I am, therefore, requesting that you furnish such information to this agency under the authority granted to the Director by the Code of West Virginia. The data is to be supplied as soon as possible, but not later than thirty days from the date of this letter.

Please supply the information requested in the following format:

- 1) Identify and list the quantity of each process waste in pounds per hour that is burned in each fuel burning unit, incinerator, or flare, at your plant. This should be supplied on a maximum pounds/hour basis and on an annual basis. If there is a marked seasonal variation please so note.

- 2) Identify the percentage of each organic compound and/or metal listed in each process waste listed in item (1).
- 3) If a process waste is entirely one of the organic process wastes listed be sure to list any metals if they are present in this waste.
- 4) Please identify each fuel burning unit, etc., in the same manner it is registered with this agency.

To aid in the response to this questionnaire we have provided forms that should be used as a guide.

After we have had an opportunity to review this information it will be furnished to the West Virginia Department of Health as per their request. Thank you for your prompt consideration of this matter and if there are any questions concerning this request please contact Mr. Robert L. Weser, Chief of the Compliance Division of this agency, at 348-4022.

Sincerely yours,

Carl G. Beard, II
Director
