My dear Bob:

I mentioned to Mr. E. M. Clark the fact that you stated in Detroit that our medical staff had, perhaps, more trouble with mixing installations with the Jersey Company than they did with any other large company and that they did not get much cooperation from refinery superintendents.

Mr. Clark asked me if I would ask you to write a letter to me giving a few details and he thought that he could straighten out promptly any difficulties that exist.

With kindest personal regards and best wishes for the Christmas season, believe me

Very truly yours,

  
Graham Edgar.
