

For Total Industrial Maintenance

The same high quality Industrial Vacuum, featuring an all Stainless Steel body for increased durability and easy to maintain appearance. These Stainless Steel vacs have the ability to handle mildly corrosive liquids and mixtures which may be harmful to the average steel tank. These rugged duty units are the most economical completely industrial units available today. Perfect for use at construction sites in hotels, hospitals, factories, and all types of institutional applications. These vacs are designed for heavy duty cleaning and are built to last. They are readily adaptable to handle Asbestos Filter Kits.

Standard includes 125' of hose, double filter and the following accessories: Interlocking rollers, 14" mainline, 14" branch line, and 14" hose.

FILTRATION DIAGRAM

Double Filtration System. Ability to pick-up any dry material as well as wet. Foam filter assures long life. Cleans easily and quickly. Full circumference bag filter requires little handling.

TYPICAL CHARACTERISTICS

Model	Tank Size	Wet Capacity	Dry Capacity	S.P. (Inches of Water)	H.P. (Peak)	C.F.M. (2 1/2" Orifice)	Electrical Rating	Cord Length	Filter Type	Unit Dimensions	Shp. Wt.	Package Dimensions
400-01	10 gal. S/S	7 1/2 gal.	10 gal.	80	1.7	102	120V 60Hz 6.5Amps	18'	Foam and Full Cloth	15" x 15 1/2" x 22 1/2"	52 lbs.	18 1/4" x 18 1/4" x 30 1/4"
932-12	20 gal. S/S	16 1/2 gal.	20 gal.	80	1.7	102	120V 60Hz 6.5Amps	18'	Foam and Full Cloth	16" x 17" x 30"	57 lbs.	18 1/4" x 18 1/4" x 30 1/4"
