Good afternoon Mr. Hutchinson,

Hope you had a great weekend! Reaching out about the request below. Unfortunately Ryan is slammed right now but we could set this up on the senior staff level if you would be okay with that? Please let me know if I can help facilitate.

Thank you!

Sydney Hupp

Office of the Administrator- Scheduling

Subject: Intrexon/Oxitec

Ryan;

Hope you are well. Congratulations on the appointment. I am happy for you and happy for the Country.

My firm is working with Intrexon (Oxitec) on several issues but most notably their genetically modified mosquito which has great relevance to the Zika crisis. We have been working with Luke Holland in Sen. Inhofe's office in regard to requesting an opportunity for the Intrexon, CEO RJ Kirk, to meet with the Administrator. I am not sure of the status of that request. I am copying Luke (who has been terrific) in order to coordinate. Below are the dates that would work for Mr. Kirk.

Dates that work:

April 12, 13, 14, 17, 18, 19 (NOTE: On the 18th, the meeting would have to conclude by 230 pm.)

April 24-28 (NOTE: April 24-28, as of now these dates work, but there could be some potential conflicts.)

May 3, 4, 5 (NOTE: May 5, the meeting would have to be early morning: 8 to 10 am (10 am hard stop))

Most ideal dates b/ RJ will be in DC:

Late afternoon on May 9

Until 1 pm hard stop on May 10

All day until 3:30 PM hard stop on May 11

All day on May 12

On a separate track, I have been working with John Tegeris (OS/ASPR/BARDA) at HHS on organizing an interagency meeting to discuss how we can properly move this technology to field trials in a timely manner. John is tasked with heading up the Tech Watch program. So, I know

EPA will be a key player in this planned meeting and I wanted you to be aware.

All the best in your new adventure. Sen. Inhofe misses you but told me he is very glad you are there.

Best-

Tim

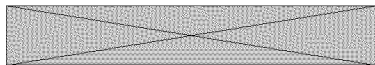

The Honorable Tim Hutchinson
