Re: Comments on TRW Draft Report

Dear Bob:

Based on the meeting of the Manufacturing Technology Committee on May 5, 1981, draft comments on TRW's review study of the vinyl chloride standard are attached. In keeping with the schedule we set at the meeting, would you (and the other recipients of this letter) call me with any corrections by noon, Tuesday, May 12. As we planned, the corrected comments will be forwarded to the Environmental Protection Agency on May 12.

Because of his schedule, Scott Bowen has not had an opportunity to review the draft comments. He will be reviewing them over the weekend.

Cordially yours,

Peter
