Mr. Herbert E. Sunbury
Executive Secretary
Asbestos Textile Institute
P.O. Box 239
Pompton Lakes, New Jersey 07442

Dear Mr. Sunbury:

A Conference on Asbestosis is planned at the New York Academy of Sciences and will be held on October 19 through 22nd, 1964. The main theme will be the effect of asbestos dust on the health of individuals exposed. Conference participants will come from Great Britain, Italy, Germany, Australia, South Africa and the United States of America.

I am writing to confirm our telephone conversation on December 27, 1963, at which time you kindly consented to mail announcements of the Conference to members of the Asbestos Textile Institute. When announcements are printed and ready for distribution, we will forward you one hundred.

Many thanks for your cooperation.

Very truly yours,

Lynn Schall
