

1 A Yes, I did.

2 Q And when did you first meet Mr. Wood?

3 A I was --

4 Q You may look at your notes at any time to
5 refer.

6 A That would be helpful.

7 The initial time that I saw Mr. Wood was on
8 January 9th, 1990. I was called during the afternoon
9 that day by the surgeon who was treating him, Dr.
10 Moko, and asked to perform an oncology consultation.

11 Q Why were you asked to perform an oncology
12 consultation?

13 A Mr. Wood had presented to his physicians
14 several weeks prior to that time with complaints of
15 pain in the right shoulder and shortness of breath.

16 He had had an evaluation which included
17 chest X-ray which showed a large right pleural
18 effusion, that is, fluid in the right lung and also
19 evidence of a lung mass.

20 A number of diagnostic procedures had been
21 performed in attempting to establish a diagnosis and
