BUILDING BETTER AIRPORTS ACROSS AMERICA

Dear Airport Sponsor:

Today, Secretary Buttigieg announced a Notice of Intent to Fund projects selected under the FY 2025 Bipartisan Infrastructure Law (BIL) Airport Terminal Program (ATP). Congratulations! Your project is included as one of the 128 projects selected at 125 airports for \$970 million in funding available.

This is the fourth year of our five-year ATP. This valuable program not only continues to modernize our airports to meet the needs of travelers today, and for years to come, but also continues to create good-paying job opportunities in communities both large and small. These investments further increase our terminal sustainability and address the needs of aging airport traffic control towers around the nation.

A full list of the final selections as well as other ATP information can be found on our website at <https://link.edgepilot.com/s/44307654/vM5GY-hSP0qj2iGvG4mqWQ?u=http://www.faa.gov/bil/airport-terminals>. Please reach out to your FAA and/or State Block Grant representative to move forward with implementation of the selected project. As a reminder, airports must be in a position to receive a grant award, based on bids, no later than **July 2025**.

The FAA's communications team will reach out to your communications department to share materials to support promoting your award. If you have any questions or need assistance, they can be reached at digital@faa.gov. I would like to also request you work with and keep the local Airports District Office (ADO) or Regional Office (RO) apprised of any groundbreaking or grand opening ceremonies taking place on these projects. Representatives from the FAA and the Department of Transportation are looking for opportunities to engage the airport community as you put this BIL funding to work.

We've gotten some great photos over the last few years and want to see more as your projects get underway, once complete, and anywhere you're using BIL signage. Please submit photos [using this upload form](#).

Congratulations again!

Sincerely,

Shannetta R. Griffin, P.E.
Associate Administrator for Airports
