Good afternoon,

Please see attached a letter from National Mining Association (NMA) President & CEO Rich Nolan requesting a meeting with Administrator Wheeler on regulatory relief that will help NMA member companies contribute to the upcoming economic recovery. Along with the letter, I've also attached a summary of steps our NMA member companies have taken to help fight the COVID-19 pandemic and an op-ed outlining mining's role in the economic recovery. We appreciate your consideration of this request. If you have any questions, my full contact information is provided below.

Hope you all are safe and healthy.

Best,

Katie Sweeney
