

Dust survey

THE SARANAC LABORATORY
FOR THE STUDY OF TUBERCULOSIS
OF THE EDWARD L. TRUDEAU FOUNDATION
SARANAC LAKE, N.Y.

February 5, 1943

Daniel

Mr. William Daniels
U. S. Gypsum Company
Oakfield, New York

Dear Bill:

Mr. Durkan expects to be at Oakfield
on Monday morning to start the dust survey.

I have gotten in touch with Dr. Brumfiel
and he will be available for testimony if needed
next week. You may count on me also but I hope
it will not be necessary for me to stay more than
one day as my schedule is very full at the present
time.

I will look forward to seeing you then.

Sincerely yours,

Leroy U. Gardner, M. D.
Director

LUG:PEH

P. S. On consulting the X-ray Department I find that
we did not keep the films taken when we made the sur-
vey. They were sent back to the doctor who took them
in Batavia, Pierce I believe his name was.

L.U.G.

Our 1933 reading on this case was "negative"
