Dear Cal:

I have a request for a small quantity of tetraethyl lead for the purposes of pharmacological research, from one of the laboratories of the Chemical Warfare Service. I would appreciate it very much if you could find it possible at your early convenience to send a sample of approximately 100 ml of tetraethyl lead to Captain Alfred Z. Gilman, Chief, Pharmacology Section, Medical Research Laboratory, Chemical Warfare Service, Edgewood Arsenal, Maryland.

Sincerely yours,

Robert A. Kehoe, M. D.
