Dr. R. A. Kehoe
The Kettering Laboratory
Eden & Bethesda Avenues
Cincinnati 19, Ohio

Dear Bob:

During your absence, I discussed the attached subject material with Karl Kitzmiller, who gave verbal approval after talking by phone with you.

On the assumption that you will want some sort of record in your office, I am attaching the correspondence pertaining to the use of TML by Caltex in Holland.

Very truly yours,

M. P. Murdock
Vice President - Sales
