So nice to see you with President Trump on the news this morning. I always knew you would become a prominent leader in our nation, with many increasing spheres of influence to come. Thank you for serving our country.

Wanted to let you know I'll be sending a letter to your office on behalf of the Arizona Manufacturers Council as I understand we may have the honor of your attendance at either our Environmental & Sustainability Summit and golf tournament August 9-11 in Prescott, Arizona, or possibly our Manufacturer of the Year Awards event in October in Phoenix. I sincerely hope that may be true! We have an amazingly tight knit group of manufacturing leaders in Arizona who would benefit from hearing from you.

Ex. 6 - Personal Privacy In addition to normal legal responsibilities at KMC, I'm chairing our state's workforce development board and enjoying the challenge of bringing together all the many people and systems necessary to ensure job seekers find great careers and job creators find the right skilled workers to make their businesses thrive. **Ex. 6 - Personal Privacy**

Ex. 6 - Personal Privacy Hope all is well with your crew as you lean into this role.
