Mrs. Mary Jackson
A/C Pipe Producers
1600 Wilson Boulevard
Suite 1008
Arlington, VA 22209

Dear Mary:

There appears to be an error in the industry statistics in the East North Central area. Our records indicate that we have reported 13,000 feet of 12" Class 150 year-to-date in 1982 and the industry total indicates only 9,000 ft reported. Also, our records indicate that we reported 7,000 ft. of 16" Class 200 in February and the March year-to-date statistics indicate that only 5,000 ft. have been reported year-to-date.

I hope that you can pick up this footage in the next report, so that I don't have to explain why CAPCO is over 100% of the sales in that area year-to-date. Thank you.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Lee" or "Taylor", written in dark ink.

I. L. Taylor
