physical information about the product or anything else.

Q Mr. Thomas, am I correct that the opinions you have with regard to the product Kaylo were formed after 1964 when you returned to Toledo?

A Specifically about Kaylo, yes.

Q Thank you, sir.

MR. McGOWAN: I believe that is it.

MR. SMITH: Page 125.

BY MR. SMITH:

Q To the extent there was a hazard from asbestos pipecovering products, that hazard was created by the fact that, when they were cut and used, certain asbestos were released into the air, correct?

A Correct.

BY MR. McGOWAN:

Q In that sense, the Kaylo asbestos-containing product is similar in its characteristics to other asbestos-containing pipecovering?

A I don't know that. As I understand, the others had a hell of a lot more asbestos in them than
