Dear Mr. Kossow:

I am writing to close the 1982 purchase contract between Square D Company and General Electric-Genal Products Operations (reference F.W. Lowe's March 4, 1982 letter). Square D Company purchased the following materials in 1982:

GENAL® Material	1982 Purchases	
	Volume (lbs)	Dollars
4000-Med	165,065	\$ 90,785
P4202-Soft	620,000	400,304
P4202-Med	64,395	41,929
P4300E-Med	21,450	11,952
P4304E-CH	240,395	129,813
TOTAL	1,111,305	\$674,783

Per the contract terms, a volume rebate of 3.0% of total purchase has been earned, totalling \$20,243.49. In July a partial rebate of \$9,615.00 was paid. The enclosed check for \$10,628.49 settles the balance due.

Thank you for your past support. We hope our Plastics business can continue to serve your future thermoplastics needs.

Very truly yours,

K. L. Bassler, Manager
