Ryan and Sharnett – understand the change in schedules and hopefully we can still find time for a short visit.

Do you have any time available this morning from 9:30 am until 11 am. We could make any time work then. We would welcome even a very brief visit.

Bob

I'm happy to. We'll find a good time to meet for the 10 company personnel. Thanks.

Ryan – hope all is well with you and you have had some time to enjoy the Summer along with the 24/7 work schedule you are keeping. I was writing to see if you might have time to sit down

with members of the Halliburton **iMPACT** group which will be holding its DC Fly-in on Sept 27th .

The **iMPACT** group is comprised of the next generation of leaders within our company. These men and women are all high potential employees and represent a diverse segment of Halliburton's product service lines and the U.S. regions/district locations where we operate (OK, Houston, Denver, North Dakota). This year, 10 individuals will be participating in the Fly-in representing our production enhancement, cementing, landmark digital oil field, completion technologies, supply chain and consulting and project management service lines. They will be visiting with senior administration officials and members of Congress during their time in D.C.

The Halliburton team would welcome an opportunity to sit down with you and discuss the political and regulatory matters EPA is addressing along with your thoughts on ways **iMPACT** and Halliburton can assist in advancing the energy and environmental protection policy objectives of the Trump administration.

The group's itinerary is fairly open but **we are able to meet with you anytime late morning Wednesday, Sept 27th until the early afternoon that day.** I hope that your schedule will allow us an opportunity to visit. Jessica Franks copied on this email can work with your staff in finding a date and time that works for you.

Hope all is well and look forward to seeing you. Please give me
