Subject: REACH PFOA update

Dear Sir/Madam,

I am seeking an update on the REACH Annex XVII Restriction for Perfluorooctanoic Acid (PFOA).

It is my understanding that the European Parliament and the Council had until 10 April 2017 to examine the draft measure and raise any objections to the Commission proposal. Did the Commission receive any objections? Could you tell me what are the next steps and when can we expect the final publication in the Official Journal?

Thank you very much in advance.

Kind regards, [REDACTED]
