**Subject:** National Climate Assessment comments

Hello,

I wanted to see if someone from the agency would be available to speak on the record about the newly released National Climate Assessment (NCA4) and inquire as to whether the EPA had a statement prepared on the report's release? We're looking to see if Secretary Perry has a statement about the outlined cause of global warming, giving his previous statements about the matter. I can be reached at this address or at **Ex. 6**

**Ex. 6** Since we are a 24-hour newsroom, please reply all. Thank you.

Sincerely,  
Julia Weaver
