Mr. F. H. Carman
Manufacturing Chemists' Association, Inc.
1825 Connecticut Avenue, N. W.
Washington, D. C. 20009

Dear Frank:

This is to advise that Monsanto falls within the classification of a company having 50-99 million pounds per year suspension resin capacity. This information is furnished you in accordance with the industry's plans for a cooperative study of a possible occupational health hazard in polyvinyl chloride manufacturing.

As you know, our participation in this project is being coordinated through Dr. Maurice N. Johnson, who is located here in our General Offices in St. Louis.

Yours very truly,

(H. H. Bible)

HHB/lk
