Subject: Tactic Being Use By Left and PG&E With Global Warming / Climate Change / Paris Climate
Agreement

Dear Court,

This email material goes along with the others which I have submitted regarding PG&E participating in and encouraging President Trump to participating in the Global Warming / Climate Change / Paris Climate Conference & Agreement / Green Climate Fund deceptions, scams, socialism , crony capitalist and etc all rolled into fraud designed to defraud the US Government , US Taxpayers and PG&E's Energy Customers.

PG&E along with Gov. Brown, President Obama , Democrat Party, Environmentalist and other Leftist are using a tactic which Hitler / Nazis used especially against the Jews.

It is also the same tactic the Leftist and Muslims are also using against the Jews and Israel today regarding Palestinians because of their hatred towards the Jews / Israel which is similar to the hatred that the Democrats , Environmentalism and Left have toward President Trump, Trump Administration, EPA Secretary Pruitt, the Right , Big Oil, Gas and Coal .

Again its a tactic that Hitler / Nazis used.

United States Office of Strategic Services in describing Hitler's psychological profile and Hitler quote:

Make the lie big, make it simple, keep saying it and eventually they will believe it.

(This is actually what they are doing with Global Warming / Climate Change / Paris Climate Agreement.

THE BIG LIE: That there is Global Warming / Climate Change being caused due to human activity / using fossil fuels and eating beef / cattle farting which are causing CO2 emissions and greenhouse gas emissions which is causing Global Warming / Climate Change that only the Democrats / Left can save the planet from with their regulations , policies , Clean Power Act and Paris Climate Agreement which all just happen to have a negative impact on big oil, gas, coal and cattle industry which all lean Right while PG&E and other companies who support the Clean Power Act and Paris Climate Agreement greatly lean Left and support Democrats and Left-wing causes.

MAKE IT SIMPLE: They claim there is a 97% consensus that man made / greenhouse gas emissions is causing Global Warming / Climate Change which means that Global Warming / Climate Change is real and basically they are the only ones who can save the planet with their policies, rules, regulations , laws, acts and Paris Climate Agreement.

KEEP SAYING AND EVENTUALLY THEY WILL BELIEVE IT: We hear from the Left including the media the same stories over and over again that man made activities / greenhouse gases / using fossil fuels / eating beef are causing Global Warming / Climate Change so we need to cut them or the planet is going to burn up and we are all going to die unless we participate in the Paris Climate Agreement and that the planet is going to burn up and we are all going to die because President Trump doesn't want to participate in it which makes him the evil one.)

Hitler's primary rules were; never allow the public to cool off; never admit a fault or wrong; never concede there may be good in your enemy; never accept blame; concentrate on one enemy at a time and blame him for everything that does wrong; people will believe a big lie sooner than a small one; and if you repeat it frequently enough people will sooner or later believe it.

This is actually what the Democrats / Left and PG&E have been doing with President Trump / Trump Administration regarding Global Warming / Climate Change and Paris Climate Agreement and several other policies that they don't agree with but since we are only discussing Global Warming / Climate Change and Paris Climate Agreement I am only going to mention it.

I am not as smart as most of the politicians, legal experts, prosecutors, regulators, investigators and etc but I am smart enough to realize this is what is taking place so I am sure that most jurors with integrity would also realize that this is what is going on with Democrats and PG&E regarding Global Warming / Climate Change and the Paris Climate Agreement which is designed to defraud the US Government, US Taxpayers and PG&E Customers while benefiting / profiting PG&E which will also benefit / profit those PG&E makes large campaign donations to like Gov. Brown and the Democrat Party.

This appears to be a tactic the Democrats and Left are also using against the EPA / Scott Pruitt in the Chlorpyrifos debate.

Sincerely- Will Rogers
