Mr. Mike Medgessy
Monsanto Canada Ltd.
(Oakville Plant)
457 Reynolds Street
Oakville, Ontario, Canada

Dear Mike:

On behalf of all the students and instructors involved in our recent Plasticizer Training School, please except a sincere thank you. Your participation was most valuable. Let me quote one of the students from his critique form. He was asked to comment on the relative value of having an outside consultant attend. His answer was: "It's an excellent approach to link up theoretical and practical viewpoints. Mike Medgessy's comments effectively stimulated interest and served to improve understanding." Need I say more?

Mike, it was a delight meeting you and having you as our guest for three days. I look forward to an opportunity to visit the Oakville Plant as you suggested.

Please convey my personal thank you to Messrs. Wilson and Fitzhenry for allowing you to fit this trip into your busy schedule.

Best regards.

Sincerely,

Gary
