Mr. Thomas W. Clark, Director of Industrial Relations, has been requested by Milan Stone, International President, URW to provide certain Medical and Industrial Hygiene information from each plant. Mr. Clark has asked the Medical Department to gather this information. It is fairly urgent that we get this information back to Mr. Clark as soon as possible, and therefore request it be sent back to the writer no later than Friday, February 12, 1982. It is requested that you obtain this information from people reporting to you who have responsibility in these areas and in some instances from others involved in these areas.

The information needed is as follows. Attach extra pages if needed to provide all the information required.
