Memorandum: Mr. O. B. Lewis

Attached hereto is exchange of correspondence with Leland Doan of Dow Chemical in connection with the use of one hundred pounds of tetraethyl lead which we recently sent them. I believe Mr. Doan's letter will be self-explanatory, and I think we should follow out his suggestion that when Mr. Colvin comes to Midland that he contact Mr. W. R. Veazey, as well as Mr. LeFevre.

I should be interested in receiving a copy of Mr. Colvin's report.
