

EUROPEAN COMMISSION
Office of the President Ms Ursula von der Leyen
European Green Deal Adviser

Brussels, 06 November 2023
Ares (2023) 6567412

Dear [REDACTED],

President von der Leyen would like to thank you for your letter kindly informing her of the new Manufacturing Programme for European manufacturing sites launched by the Fluoropolymers Product Group and indicating your availability for a meeting to present the Programme.

We have taken note with attention of the information provided in your letter and have shared it with the competent Members of the College and services.

Regrettfully, despite her appreciation for your meeting request and the importance of the topics to be discussed, the President is unable to give a positive reply due to the heavy time constraints of her busy agenda during this period.

Thank you in advance for your considerate understanding of these circumstances.

Please accept our best wishes going forward and our thanks, also on behalf of the President, for having reached out.

Yours sincerely,

[e-signed]
Peter Van Kemseke

Fluoropolymer Products Group
